3 4867 00449 7444

Graduation day hundreds of seniors will clutch their diplomas, smiling at the thought of what they have achieved. Before us it seems the world is spread out, ours to take from it whatever we please. Whether we go on to college or right out into the work force, we look ahead with hope. The piece of paper given to us on that spring day is the key to open the door leading to a bright future.

Behind us is four years of hard work; freshman year enthusiasm through senior year maturity. It was a time to achieve academically, athletically, and artistically, giving us a strong foundation to build on. We had the opportunity to test the waters in a myriad of fields, helping us to decide what direction we should point our lives in. Throughout this time, dedicated teachers and councelors had been there to guide us along the way, advising and answering any questions posed to them.

With this sturdy base, we now have the opportunity to expand our horizons in whatever field we found that we excelled in. Athletes, musicians, artists, and scholars will progress into a higher level where they can meet others who are as talented as themselves. Those whose forte is in the area of a trade move from the schoolroom to the work place, gathering satisfaction from their skill. As our years at Waltham High School draw to a close, we look back fondly, but also look ahead expectantly, knowing that in fact, *the future is ours.*

"If one advances confidently in the direction of his dreams, and endeavors to live the life which he has imagined, he will meet with success unexpected in common hours." Thoreau's words are a fitting tribute to the recipient of this year's *Mirror* dedication.

A native of Waltham and graduate of St. Mary's High School, this dreamer has imagined many marvels which have become reality. He was a member of the United States Air Force Reserve, a founding member of the Waltham Arts Council, an Executive Board member of the New England Theatre Conference, three-term President of the Waltham Educators Association, and four-year Assistant Director of the English Department.

As a young boy he was fascinated by the theatre and built his own intricate scale model of Radio City Music Hall. His participation in variety and talent shows during high school provided the forum for his later involement in dramatic productions while teaching at Thomas Hill School and Kennedy Junior High School.

Pursuing his love for theatre, our recipient earned a Master of Arts degree in Drama from Catholic University in addition to acquiring a Bachelor of Science degree in Education and a Master of Arts degree in Education both from Boston College.

He has garnered many awards from a myriad of organizations including: the Moss Hart Memorial Award for the production of *1776*, the Moss Hart Memorial Award Honorable Mention for *A Man for All Seasons,* and a citation from the New England Theatre Conference for Waltham Public Schools Drama Program in 1981. Last year the Waltham Kiwanis Club honored him as the Man of the Year.

Perhaps the two most significant feats occurred in 1969 when he realized two dreams: the establishment of a Drama Department K-12 and the founding of the prestigious Waltham Summer Theatre, known as the Reagle Players. Since then, he has directed over 100 full-length theatre productions, many Senior Revues, six teachers' shows, and organized numerous New York Theatre excursions for students and adults.

Our recipient is certainly a man who "marches to the beat of a different drummer." We are extremely proud to dedicate the 1985 *Mirror* to the Director of English and Drama, Mr. Robert J. Eagle.

Forefront Topics in Science

Waltham High School has been blessed with many outstanding teachers in the past, none more outstanding, however, than this year's *Mirror* dedication recipient. During his 17 years here at Waltham High, his teaching ability and personal appeal earned him respect and admiration from students, colleagues, and administrators.

Anyone who stepped into room 348 during the past 17 years knew that there was a teacher, supporter, and true friend behind the gentleman with the beard. His dedication made Physics, a most difficult subject, a most enjoyable one. Physics enrollment tripled during his tenure as a teacher. Many of his students have gone on to major in Physics in college largely due to his influence. His approach to his subject, and his methods of teaching made him a favorite teacher among students, and gained him "Teacher of the Year" honors on several occasions.

Although he has left us for Raytheon Corporation during this year, in his own words "If not in body, I am with you in spirit" - we know that this man will forever remain a part of Waltham High School. For 17 years of hard work, dedication and support, we would like to dedicate the 1985 *Mirror* to a true friend, Mr. Jerry Nelson.

1. B.M.S. "Foxy Ladies." Kneeling, front to back: Terry Kawada, Helen Sullivan, Kim Flanagan. Standing [illegible] Lower left, jacket [illegible] [illegible] Allison [illegible] and Kathy [illegible]. Standing, second row: Tammie [illegible] Caroline Buckley and Sandy McHone.

2. Chris Tanner and Tommy [illegible].

3. Jim Cardarelli, Darian DeFrancisco. Could this be the guys' answer to the "Foxy Ladies"?

> True friendship is like sound health,
> the value of it is seldom known until
> it be lost.
>
> Charles Caleb Colton

The future is ours with friends.

The future is ours in sports.

Joe, Jimmy, And Andrew Lead The Way As The Hawks Soar

The Boys' Soccer Team had an outstanding 12-1-5 regular season record winning the Suburban League and qualifying for the Eastern Mass Tourney.

In goal, tri-captain Joe Pulselli ended the season as the best keeper in the league and was a member of the All-Stars. In his 18 games during the regular season he allowed only 6 goals and had 12 shutouts.

Jimmy Kramer, tri-captain, played striker and was the top scorer in the Suburban League. He was chosen to the All-Stars and was the key performer in our tournament victories over Arlington and St. John's Prep. In each game Jimmy scored the winning goal. This was his third year as a varsity starter and he has shown much improvement during that time. He ended his high school career as one of the top players in the state.

Tri-captain Andrew Bernard played midfield and like Jimmy was a three year starter. Andrew was also chosen as a league All-Star. Andrew possessed great speed which was an asset to the team. Andrew consistently provided a good balanced offensive attack while mobilizing the defense.

Mike LeBrun at stopper had a great season this fall. Mike was matched up against some of the best players in the league and consistenly shut them down.

Ken Doyle was a very hard worker at halfback and that helped the team a great deal. He was the second leading scorer on the team. Kenny scored the winning goal against Newton North, a goal which enabled the Hawks to become Suburban League Champions.

Tony O'Brien and Dave Gately both played on the junior varsity team last year and really excelled this year as seniors. They were the two best wing fullbacks in the league. The team needed the two players to provide the defensive stability and hard work that was definitely a key factor in a successful year.

Steve Donnelly started at wing and helped out when he was needed. Being away from soccer for two years, he came back and was one of the reasons for the Hawks' balanced attack.

Bob Johnson at sweeper was starting for his second season this fall. Bob was chosen to the All-Star team both his junior and senior year. Bob is considered to be the most intelligent sweeper in the league. Bob is a definite college prospect.

Congratulations to Coach Graceffa and the team for an outstanding season; one they should be proud of.

Kellie And Kim Lead The League In Scoring As The Hawks Have Best Season Ever

And the best season ever it was, as the Hawk girls finished with a 15-4 record. At the close of their season the Hawks finished second in the Suburban League and qualified for the Eastern Mass Division 1 Tournament.

This year's tri-captains were Martha Collins, Kim Giardina, and Marcia Walsh. Martha showed great talent throughout the season and improved greatly over the three years she participated. Kim Giradina, who played at right wing, was second overall in scoring in the Suburban League. At the end of the season Kim received the well deserved honor of being chosen to first team Herald All-Scholastics. At sweeper, Marcia Walsh was a key player each game. She was a leader both on and off the field.

Senior Sandi DeVincent was also a great boost to the team. Sandi was the perfect example of a team player.

One player whose efforts did not go unnoticed was Christine Hassell. Chris was the leading goal tender in the Suburban League with a 0.88 goals per game average. Chris displayed incredible goaltending skills throughout the season. She was considered one of the top goaltenders in the state and for this reason she was chosen second team Globe All-Scholastics.

Another player who was an integral part of the Hawks was Kellie Vaughan. Kellie's efforts were consistent and relentless throughout the year. Kellie finished the season with 25 goals and 17 assists for a total of 42 points making her the top scorer in the state. Kellie was also chosen to the first team Herald All-Scholastics. At the team banquet Kellie along with Kim Giardina were chosen Co-M.V.P.'S for the team.

The graduation of all these seniors will leave a large void to fill. We would like to congratulate all of the girls for a spectacular season.

Tom Breaks School Scoring Record
And Leads The Hawks To The

Suburban League Championship

For both coach Peter Yetten and the Waltham Hockey Team, the expectations were high, and the results of the 1984-85 season were sensational. It was a promising team from the start. The group was lead by nine seniors: Bob St. Cyr, Jeff Burke, Bob Johnson, Pat Kavey, Mike LeBrun, Tom Paschal, Steve St. Cyr, John Studley and Eric Tardif.

Waltham's first line consisted of Tom Paschal at center, Captain Bob St. Cyr at right wing, and Pat Kavey at left wing. This was Waltham's most productive line? Tom Paschal performed above and beyond the expectations of any class of hockey player before. When he had finished his season he had accumulated the best scoring record of any hockey player in the history of Waltham sports. Halfway through the season Tom broke the record of Edgar Bastrache for greatest point accumulation in a career. Tom finished his season with twenty-five goals and twenty-five assists, thus making him league leading scorer. Bob St Cyr played at right wing and finished his season with fifteen goals and twenty-five assists. As a captain, Bob was a uniting force for the boys. He was consistent and always came to play. Left wing Pat Kavey was perhaps the most improved player of the team. Pat saw some varsity action last year but this year he moved up to first line, which was a great jump for him. Pat adjusted well to his position and played every game with enthusiasm. He finished the season with six goals and six assists.

Waltham's second line consisted of center Eric Tardif, right wing Steve St. Cyr and left wing John Studley. Erik Tardif was one of the best centers in the league. He ended the season with twenty-four goals and twenty-two assists trailing Paschal in the scoring race. As a two-year member of the team, Erik was quick to adapt to his teamates' style of play and led the team to many significant victories. Steve St. Cyr was another member of the second line. He was an extremely talented player and kept his consistant style of play throughout the season. He finished his season with thirteen goals and twenty-two assists. John Studley played at left wing and had six goals and ten assists on the season. John's aggressiveness and relentless style of play was a key factor in many Hawk victories.

The rotating defensemen were Bob Johnson and Mike LeBrun. Bob and Mike were key factors in the first and second line, equally sharing the responsibilities. Bob ended his season with two points and Mike with fourteen points. Backup goalie Jeff Burke was also an integral force behind the Hawk play.

The boys gave Waltham High great excitement but the highlight of the season was the game against Weymouth North. Previous to the game Waltham was rated number four while their opponents were number one. The boy's determination and refusal to give anything less than their all stirred the large crowd, as the boys went on to win 5-4. Through the commitment, enthusiasm and drive of all the atheletes and coaches the Hawks gained a berth in the MIAA tournament, and won the Suburban League Championship. This was the greatest reward for the boys, the coaches and the fans alike.

Lee And Steve Lead The Way As Hawks Finish As State Champs

Waltham's boys alpine ski racers accomplished the unbelievable task of becoming the 1985 Massachusetts State Champions. The race was held Wednesday February 27, 1985 at Berkshire East in Charlemont MA.. It was an unusual day. The weather was humid, sunny, rainy and by the end of the afternoon it became very windy and cold with a few flurries. The race was run very well by Paul Putnam. The boy's course had 45 gates and the girl's course was set with 30 gates. The team will remember this race as a series of protests and a victory no one will ever forget.

The year started off slow. Unable to find a coach at first, we were fortunate enough to have a concerned individual take on the responsibility of keeping Waltham's Ski Team alive. Mr. Tim Reed worked very hard along with assistant coach Kenny Vaughan each and every race and practice held at Prospect Hill. They set up the boys and girl's courses each and every race. Mr. Reed even encouraged some of our alpine skiers to participate in the Cross-country races. Lee and Bill Wilcox, Dina Joyce, Dina Pallone, Christine Crowe, Rob Hazel, and Tracey Howe represented Waltham in these races. Many of them never had cross-country skiis on before these races.

You could say Waltham had an outstanding season with the boy's team finishing first in the league. The girl's team finished second overall behind a strong Wellesley team. Waltham finished above the other nine participating schools in the overall standings of the girls and boy's combined efforts.

The top three boys in the league were all from Waltham. Finishing on top was senior Lee Wilcox. Lee had a super season along with his teammates senior Stephen Walsh and sophomore Bill Wilcox. At the State meet Lee finished in sixth position qualifing him to participate at the High School Regionals held at Bromely Mountain in Vermont, eight states will be involved in the race. Lee's brother will also be joining him in this race. Stephen Walsh put together two solid runs at the State meet.

Mark Antonucci took a break from jumping long enough to finish all the races and placing in sixth position in the league. Mark also put together two solid runs at the States. A personal goal was achieved by ssenior Dan Guarini. Dan excelled this season placing in ninth position in the league. Dan earned his first opportunity to participate in the High School States. Dan, Steve, Lee, Mark, and Bill will all be participating in the Bay State Games March 1 and 2 at Brodie Mountain in New Ashford, MA.

The combined efforts of the girls led the team to a battle with Wellesley. The highest earned finish by Waltham was a third place by sophomore Dina Pallone followed by senior Roni Sue Pomerleau who placed in fourth position. Roni Sue a steady competitor for the past four years has placed in the top five in the league each year. Roni Sue and Dina will be participating in the Bay State Games.

Senior Andrea Ohnemus came out for the team this year. Andrea who excelled for a personal goal of improving each race and gaining experience. Andrea was chosen along with Dina Joyce as the other two girls to race as a team in the State race.

Waltham High has a team of champions. These racers will remember and be remembered as the athletes of the ski slopes.

Coach Reed and Tri-captains Roni Sue, Lee, and Stephen have a winning attitude.

Patience And Dedication Leads To

Constant Improvement

With the loss of eight seniors from last fall's team the Girls' Volleyball Team faced another long rebuilding year. To complicate matters the girls had a new coach for the third time in the past three years. With a new leader the girls demonstrated enthusiasm and the eagerness to play, although they won only one match. The team featured several talented senior players, led by captain Meg O'Brien, Caroline Burden, and Laura Lee.

The girls were led by their coaching staff who encouraged them and instilled in them the confidence to win. In spite of a losing season the coaches showed patience and understanding which led to constant improvement. The girls faced a formidable schedule but each match was characterized by outstanding individual and team performances.

Overall, the team improved tremendously during the season. Their determination and enthusiasm was great. This year Waltham High Volleyball turned the corner and with several returning starters the Hawks hope to return to the "glory days" the team enjoyed under Coach Helen Castros.

The team would also like to thank the football players and our Number 1 Fan, Mr. Ira Steinberg, for their supportive appearances at our matches.

Injuries And Schedule Prove Too Much As Season Turns Out To Be

A Record Disappointment

It was a season of frustration for the Hawks. Early in the preseason Coach Paul McGovern's charges were hit with a rash of injuries that set back their progress and forced several players to play hurt throughout the season. The Hawks also had the dubious task of playing three out of the top four rated Division 1 football teams in Eastern Mass. All three of those teams finished their seasons undefeated.

The team finished at a breakeven 5-5 and though they fell a bit short of their own expectations none the less managed to provide their share of thrills throughout the season. Included was a 34-6 blowout of last season's superbowl runnerup Peabody. Not to mention a 15-7 emotion filled win over arch-rival Newton North that featured a Waltham fourth quarter goal line stand which will not soon be forgotten by the Leary Field faithful. Senior half back Steven Smith was named M.V.P. for the game and senior defensive back Lee Wilcox was awarded the Game Ball for his superlative efforts. The season will also be remembered by opposing coaches as the birthdate of Waltham's "punt-return right" which netted two touchdowns and several near misses this year thanks to the running of senior John Studley and the ferocious blocking of the front wall of Waltham.

Many of the Hawks garnered personal honors during the season as well. 8 Hawks players were All Suburban selections. They were: Linebackers Mark Caruso and Mike Stankard, Defensive End Rod O'Byrne, Tackle Dan Boudreau, and Center Dan DiVito were 1st Team Selections. Guard Ray LeBlanc, Tackle Dan McPhail, and Running Back Scott Giusti were selected to the Second Team. At the breakup banquet Dan DiVito was presented with the Leary Award as the M.V.P. for the team.

The senior players would like to express their thanks to the coaching staff and wish all the best to the 85 team.

Sophomores Lead The Way As Girls Have A

Successful Season

The Girls' Cross Country Team had another very successful season. Because of the fact that there were no seniors on the team, the underclassmen had to take on the main responsibilities, which they did with ease. Sophomore Judith Linnehan led the squad with her stellar performances throughout the season. Her biggest accomplishment was when she placed 15th at the National Junior Olympics held in St. Lois, Missouri at the close of the season. Others who finished high in this meet were juniors Karen Feeley and Suzanne Pittorino. Sophomores Lisa Giovanetti and Janet MacInnis also turned in good times and show great promise for the future teams to bring us back to that glorious fall day in 1981 when the girls won the championship. Coach Joe Tranchita has worked hard on getting the underclassmen ready to take the lead and it shows that his hard work is paying off.

The Boys' Cross Country Team experienced another rebuilding season which hopefully will lead to an excellent season next fall. Led by junior M.V.P. Steve Brown and Seniors Pat Coughlin and John Clark the Hawks under head coach Ed Lyons showed constant improvement throughout the season. With many underclassmen returning the Hawks are looking to the Suburban League Championship next fall.

Hard Work And Dedication Are The Key As Hawks Qualify For The State Tournament For The

First Time Ever

This year Waltham High is proud to boast it's first girls basketball team to attain a tournament berth in the history of the school. In addition to this fine accomplishment, many other outstanding achievements have graced the Hawks throughout a memorable season of hard work and dedication. Ranked tenth in the state, the team finished its regular season with a record of twelve wins and six losses, the best in over fifteen years.

During the opening of the season, the girls went undefeated in all six of their nonleague games. And to finish the regular season, the Hawks sought revenge over North Quincy in an unforgetable home court match. The girls exhibited an amazing display of teamwork. Continuously fluctuating from two point deficits to one point leads, with four out of five starters fouled out in the fourth quarter, the Hawks went to reserves. Coming off the bench were Antionetta Mancini, Pam Vaughan, Leslie Fernandes, Brenda Hart, and Nancy Arsenault. With minutes left, the Hawks managed to pull away due to a suberbly executed pressure defense to secure a well deserved win by eleven points.

Without doubt, this season's achievements have been the result of a team endeavor, however many individual players have made marks of their own. Forward Meg O'Brien, the second leading scorer in the league proved an invaluable offensive force. Meg along with forward and co-captain Kathy Augustine who is noted for great all-around play and averaged twelve points a game have been named to the Suburban League All Star Team. Point guard and co-captain Kellie Vaughan directed the offense with key passing and penetration, while guard Marcia Walsh came through with clutch performances on the outside shots and on fast breaks. Center Stacey Tomlin, a superb foul shooter was also known for her strong drives to the basket off the low post, and center Christine Hassell provided the backbone for the defense with rebounding and outlet passes for the fast break. These forces combined allowed the Hawks to achieve goals that were once thought dreams until now.

Mike And Steve Lead The Way As The Hawks

Were Tournament Bound

When Joe Cacciatore became only the fourth head basketball coach in the history of Waltham High he knew he had some tough shoes to fill. He also knew his task would not be an easy one. Gone were eight seniors from Len Sorin's last Hawk team leaving Coach Cacciatore with senior co-captain Jamie Bourque as the only returning starter and a cast of unhearlded J.V. graduates.

The Hawks were given a chance to go .500 in the tough Suburban League by most area high school hoop observers. However Coach Cacciatore and his Hawks stunned the experts by winning ten of fifteen games and qualifying for the state tournament.

Led by Jamie Bourque and backcourt partner Steve Donnelly, the Hawks finished third in the Suburban League behind State Champion Brockton and Suburban League Champion Cambridge.

With Coach Cacciatore calling the shots the Hawks pulled out some amazing wins including down to the wire contests with Medford and Somerville, a come from behind one point win against arch-rival Newton North, and a thrilling double overtime defeat of Brookline.

The Hawks were a balanced team with Coach Cacciatore going ten men deep into his bench on most occasions.

Senior Jim Kramer was a clutch performer on defense and did a superlative job on the boards against much taller foes. John Clark's agressive style of play made him an asset on the boards and his outside shooting touch was a valuable weapon as well. Ken Doyle provided essential scoring off the bench and in spot starting assignments. Pat Trainor's quickness gave the Hawks an added dimension as he keyed late season victories. Mike Iannelli provided steady ballhandling in the backcourt as well as tenacious defense.

The Hawks were definitely led by Jamie Bourque and Steve Donnelly. Steve was among the top scorers in the Suburban League and possessed more pure shooting ability than any player to wear a Waltham uniform in many years. Jamie ran the show from his point guard position and was the catalyst of the Hawks' attack. He had the ability to beat you from the outside or on penetrating moves to the hoop. He was also a standout on defense. Both Jamie and Steve were All-Suburban selections.

Although the Hawks made an early exit from the tourney at the hands of Don Bosco, Coach Cacciatore and his charges should be commended for a great season.

Eric, Dan, And Dave Power The Way As

Grapplers Pin Opponents

The 1985 wrestling team once again experienced a successful season. Though the team was young and inexperienced the Hawks were able to finish the season with a 8-4-1 record and a 3rd place in the Central Sectionals.

The team was led by Tri-Captains Eric Alexson, Dan Boudreau, and Dave Raliegh all of whom were voted to the Suburban League All Star Team. Eric showed tremendous talent throughout the season finishing with an 8-4 record and a 4th place finish in the Sectionals. Dan, who wrestled at 187 lbs., achieved an incredible 10-2-1 record, while placing 1st in the Sectionals. Dave was perhaps the most dedicated member of the team. Dave finished the season at 12-1 and placed 1st in the Sectionals. This combination made Dave the only member of the team to advance to the New England Championships.

There were also two other senior standouts, Glen Dennison and Rick Cameron who each placed 4th in the Sectionals which qualified them for the State Tournament. Another senior varsity member was Peter Fielder who finished his season with a 4-2 record.

Also contributing greatly to the team were Anthony Cucci, Ted Lavash, John Regan, and Jim Walsh. They saw most of their action by filling in for absent weight classes. This was an integral aspect of the teams' winning season.

Thanks to Coach Mirabile the boys experienced a memorable season. His coaching and leadership were the important factors for the continued success of our wrestling program.

Paula Leads The Girls As They Swim To A Rewarding Year

The girls swim team had an exciting and rewarding year. A lot of determination and high spirits were shown by the five returning seniors, Brandy, and everyone on the team. The spirit of the team is what helped inspire many valiant attempts by all the members. Outstanding efforts in the 100 yard breast stroke and medley's were made by team captain Paula Elliott and by team member Lisa Chiango. Senior member Sue Wilson performed very well in the free style medley, while Lisa Flanagan competed in the 200 yard butterfly.

This year the girls swim team had their first new coach in over six years. Coach Todd took over this year and did a great job teaching and training the girls. Practices and meets were held at the Lindsey Pool at Brandeis University. Coach Todd held practices every day after school, but was willing to give extra time to our divers and those who wanted extra help.

Although we had a disappointing season, many friendships and bonds were made. Our team showed great enthusiasm throughout the season. Despite the record of 3-7 we have learned a great deal about sportmanship, hard work, and dedication. There were a lot of individual improvement by every member of the team. Many thanks should go to Coach Todd and all the girls for an exciting and rewarding season.

Individual Performances Gives Hawk Swimmers

Many Exciting Moments

Our boys' swim team under first year coach John Duffy finished the season with a disappointing 4-5 record, but the season provided many exciting moments for the Hawks. Seniors Karl O'Hara, Bob Murphy, and Paul Mulkalski were pleased with their individual performances for the year.

Captain Karl O'Hara shifted his strategy from a long distance swimmer to a short sprinter. Coach Duffy remarked after the Suburban League meet, "Karl is the best sprinter (50 and 100 yards) Waltham High has had in ten years."

Paul Mulkalski also a sprinter in the 50 and 100 yards, did a great job. Doug Hill had a steady performance in the breast stroke all season. Bob Murphy helped out as a back up diver to Scott Pomerleau, scoring points in most of the dual meets.

Scott Pomerleau and Ed Anthos had fantastic years. Scott went undefeated and won the State Diving Title. Scott missed breaking the State Record by less than 5 points. At the state meet held at the University of Massachusetts at Amherst, Anthos broke the Waltham High School record in the 100 yard back stroke with a time of 57.2 seconds. With this time, Ed finished third in the state. Scott was honored by his accomplishments by being chosen as the Boston Globe All-Scholastic Diver as well as a High School All-American.

Other achievements included a ninth place team finish at the North Sectionals in Haverhill with only five swimmers participating. A total of thirty-eight teams were in the competition. Freshmen Joshua Peterson and Jimmy Caissie combined with Karl O'Hara and Ed Anthos all placed in the finals. Karl finished tenth in the 50 yard free style, Ed was seventh in the individual medely, and Scott won the diving event.

Coach Duffy was quite pleased with the outcome of the meet. "We have the nucleus of a strong team for the 85-86 season, we need some depth, so come on board. Our Hawks could have the best season ever."

Injuries Are Key To A Frustrating But

Productive Season

The girls' indoor track team had a frustrating, but individually productive season. Because of many "key" injuries, the team was unable to reach their dream of capturing the league championship. Coach Joe Tranchita changed his strategy to concentrating on individual success. Freshman Precious Hill and sophomore Judith Linnehan scored in the state sectionals for Division One, which qualified them for the state finals. Other individual performances were given by seniors Kelly Callahan, Ann Simeone, Kim Giardina, Amy Lucchese, and Maria Cincotta throughout the season. The Hawks had three members selected to the Suburban League All-Stars. They were senior co-captain Kim Giardina, Precious Hill, and Judith Linnehan. At the Suburban League meet, Kim Giardina placed second in the dash and she also tied the best time in the league. Also, Kelly Callahan placed fifth in the 300 at the same meet with an excellent performance. The team shows great promise with many juniors, sophomores, and freshman, next years team should show success and improvement.

With Only A Few Returning Starters Girls Have A Rebuilding Year

The 1985 Girls' Tennis season could be characterized as a rebuilding year. With only a few returning starters, the team relied heavily on some very new and in some cases, very inexperienced players. The girls final record was 1-11, but many of the matches were extremely close. The only real losses came to teams such as Brookline and Newton North, who are among the top teams in the state.

The team was led by Senior Co-Captains Amy Goode and Fabianna Tamburrini, both three-year members of the team. Amy played her matches in the third and sometimes second singles spot. Her best match was against Quincy where she played in exciting tiebreaker in a steady down pour. Amy's experience from previous years as a great asset to the team. Fabiana played her matches at first doubles and also third singles. Her biggest win was against Brockton, playing doubles with Julie Patenaude. She also had an extremely close singles match against Quincy at third singles. Both captains were great leaders for the younger players.

The junior starters included Lory Agrillo, Paula Anderson, Julie Patenaude, and Christine Samaria, all playing extremely well at doubles. Debbie Manchester was the only junior to play at singles. Debbie was the teams best player at the first singles spot, playing the toughest of opponents. There were also many more underclassmen who also contributed greatly.

This years coaching positions were held by Head Coach Sallie Russ and Assistant Coach Barbara Chabot. Both coaches were new at their job and did an extremely fine job with the team. Because of the number of underclassmen on the team, the future of Waltham Girls' Tennis looks very promising.

Kellie's Leadership Helps The Team To A Successful Season

The 1985 varsity softball team had a very successful season. With the loss of six starting seniors from the 1984 team, we still managed to come up with a 7 and 11 record.

With only three starters from 1984 and only one of them a senior, the young squad lacked experience, yet, they still managed to be in every ball game.

The team started the season off slowly because of the lack of cohesiveness, but improved after each game and played much better the second half of the year.

Our only senior on the team played an important role towards our success. Kellie Vaughan, the team captain and leader, moved from the outfield to the catchers spot. Losing Globe All-Scholastic catcher Tracey Woods left a large gap in our defensive and offensive lineup; Kellie stepped right in to do an excellent job. Her strong arm prevented runners from trying to steal and her .414 batting average helped in our offensive attack. She gained enough recognition in the league to be named to the Suburban League All Stars in her first year of catching.

Kellie's leadership helped the team mature through the season and her guidance this year should carry over to a more experienced team in 1986.

Lacrosse Was Disappointing Record Wise But Proved To Be A

Rewarding Year

The 1985 Lacrosse season, although disappointing record wise, was a highly rewarding year. At the start of the season Coach Boudreau had before him a very difficult task. He had had some experience in coaching the previous year, but this season would prove to be somewhat more difficult.

The team consisted of a majority of seniors, many displaying a great amount of talent and experience. This years Tri-Captains were Jeff Burke, Pat Kavey, and Karl O'Hara. Jeff was an extremely tenacious player never giving in to the many injuries he suffered throughout the season. But the injuries overpowered him and late in the season Jeff was forced to the sidelines. Pat was one of the most consistent players for the team. Pat's experience in previous years added to his ability on the field. He was chosen to the Senior All-Star Team and also the Division II South All-Star Team. Karl was also one of the team's top players. "Captain Karl" was an outstanding leader both on and off the field.

There were many more talented seniors on the squad. These included Joe Donovan, who contributed greatly from game to game; Bob Johnson, who was a great boost to the team; Brian Ouellette, showing great skill and talent; Jim Rao, who was very dedicated and highly talented; Andy Siegel and Joe Tehan, who each gave 110 per cent every game; and Ed Witham, who was outstanding in goal. Ed was also chosen to the Senior All-Star Team.

Tim Casey and Allen Gallant also played an important role on the team. Tim was extremely talented and an integral part of the team. Allen had a slow start due to injuries but once recovered, Allen was immediately put back in the lineup.

Overall, the boys can look back on their season and not be ashamed of their record, but proud of their own personal accomplishments. Waltham played some of the toughest teams in the state, yet many of their games were close and could have gone in Waltham's favor. Their wins were due to dedication and refusal to give up.

A Balanced Girls Team Leads To An Excellent Season

Our Girls' Outdoor Track Team had an excellent season, going 4-2, The two losses came against Cambridge and Newton North both of whom finished 1-2 respectively in the state championships. This was the most balanced team ever at Waltham High as far as the number of quality athletes in the field and running events are concerned. It was also the largest team ever, with more than 50 members. The team won their first "major" championship, when they won the Falmouth Invitational, which was a fete well earned. Coach Joe Tranchita put an award-winning state relay team together for the fourth time. The medley team won the state title and had the best time in the state with a time of 13:01. The team consisted of Precious Hill, senior Kelly Callahan, Lisa Giovanetti, and Judy Linnehan. Sophomore Ann Marie Mazzocchi set a school record and a sophomore record in the discus with a throw of 108'8". The javelin relay also set a school record with a total footage of 268'3". The members of that team were captain Kim Giardina, Kim Savage, and Allison Lobo. Three girls were named to the Suburban League All-Stars, they were; Ann Marie Mazzocchi, Judy Linnehan, and Precious Hill. Because 36 of the team members were freshmen and sopomores, they hold good for next years team. There is a lot of young talent that will make the team stronger and more successful in the years to come.

Hawks Go 16-5 And Let Their

Bats Do The Talking

If only one word could be used to describe this years Hawk baseball effort, there is no doubt that "hitting" would be the word. The Hawks bat swinging prowess guided them to numerous school records, headed by their torrid 12-0 start shattering the old school mark of nine in a row. Despite a brief tournament stay, this years diamond effort must be regarded as no less than one of the best in Hawk history.

Led by co-captains Rod O'Byrne and Ed Sweet, the Hawks record breaking 12-0 stint was high-lighted by high scoring slugfests. The Hawks averaged more than 12 runs per game while dismembering opponents pitching staffs. Senior pitchers John Clark, Dan DiVito, and Phil Delaney, along with junior Dave Brown, enjoyed big leads while pitching exceptionally well against Greater Boston and Suburban league foes. This perfect blend of pitching and hitting gave Coach Al Scafidi a number one Eastern Mass ranking after 12 games. Thus, the Hawks snuffed any doubts that Waltham was a power to be reckoned with in '85.

Despite numerous injuries throughout the season, the Hawks maintained a team batting average of close to .400. The Hawks many outstanding batters led by All-Scholastic and Suburban League M.V.P. Dan DiVito, who batted a school record .530, co-captain Rod O'Byrne .452, junior Scott Giusti .450, and second baseman John Kelley .415.

Sparking the defensive alignments were seniors Craig Righini and Lee Wilcox. Righini, Gold Glove winner made both the routine and seemingly impossible plays seem easy while Wilcox added enthusiasm and consistency from his catching position. Juniors Dave Cristofori, Jeff Lazaro, and John Logue rounded out the defense adding steady fielding and hitting capability to the lineup.

Although sidelined for much of the season with injuries, seniors Joe Pulselli and co-captain Ed Sweet returned to contribute significantly toward the cause. Senior Steve Walsh gave depth and enthusiasm to the squad while contributing many key hits. Senior Tony Massarotti and junior Marty Provencher often ignited Hawk rallies and added spirit and support. The Hawks finished 16-5 overall, placed 5 players on the Suburban League All-Star Team and broke records in team batting and in runs per game. All in all a great year. A hit, if you will!

Dan And Kim Lead The Way With

Outstanding Performances

Led by Dan DiVito and Kim Giardina our athletes enjoyed another outstanding year. Dan was the leader of our successful football team and he received First Team All Suburban honors and was voted M.V.P. of the team. In baseball Dan became the terror of Eastern Massachusetts and the most feared hitter in the history of Waltham High. Dan hit a school record .530 in leading the Hawks to the state tourney. For his accomplishments Dan was chosen Boston Globe First Team All Scholastic and was also chosen to play on a United States high school baseball team on a spring tour of Europe. During this tour Dan batted well over .500 giving his batting prowess world-wide fame.

Kim was a three year standout in three sports. In soccer she captained our best team in history, she was the second leading scorer in the league and was voted Boston Hearld First Team All Scholastic. Kim also received an award from the U.S. Army for her outstanding achievements in soccer. At the team banquet Kim was the co-winner of the M.V.P. award for the team. In track Kim was a three year starter on the indoor and outdoor teams. Kim was also chosen by her peers as the captain of each sport. Kim led an injury riddled indoor team and a young inexperienced outdoor team to respectable seasons. For this Kim was voted All Suburban for each season. Kim was also the recipient of the Forte Award as Best Athlete in the city. This is the first time that this award has been won by a girl. At our Senior Luncheon Athletic Director Don Prohovich presented Kim with the Louise Sewall Award given to the best female athlete. Also presented with the Ken Harding Award given to the best male athlete was Dan DiVito.

There were many other outstanding athletic performances by our Hawks. In the fall Mark Caruso and Rod O'Byrne gave excellent performances for our Hawk football team. In boys' soccer Jim Kramer with his late game heroics and Joe Pulselli with his acrobatic saves in the goal led the team to the Division 1 North semi-finals. Jamie Bourque and Stephen Donnelly led our under-rated basketball team to the state tournament. In hockey Tom Paschal rewrote the record books for Waltham High hockey in leading the Hawks to the Suburban League Championship and a berth in the state tourney. Tommy's performance was the best individual performance this year by a Hawk athlete and considered by many the best in recent history. Tommy was chosen to the First Team All Scholastic. Also giving an excellent performance in hockey were Erik Tardif and Bob St. Cyr. In wrestling Dave Raleigh grappled his way into the New England Championships. Meg O'Brien led our girls basketball team to their first visit to the state tourney. Finally in skiing Lee Wilcox, Stephen Walsh, and Mark Antonucci led our boys' team to the State Championship. This is only the second time one of our athletic teams have won a state championship. In baseball Rod O'Byrne, John Kelly, and Lee Wilcox all had outstanding seasons.

Last I would like to tell you about the Rodney Dangerfield of W.H.S. athletes, our own staff member Kellie Vaughan. For three years Kellie terrorized the Suburban League in soccer. This year Kellie led the league and the state in scoring with 25 goals and 17 assists for a total of 42 points. She was chosen First Team All Suburban, Boston Herald All Scholastic, and co-M.V.P. of the team. In girls' basketball Kellie was our starting point guard and an outstanding performer on our state tourney team. In softball Kellie moved from the outfield to catcher. In her first year at the position Kellie was voted First Team All Suburban. In any other year Kellie may have won the Sewall Award, it was just her fate that she played the same year with another outstanding athlete Kim Giardina. Kim and Kellie were the best pair of female athletes in one year in recent memory. These two young ladies along with the rest of our athletes can be as proud of their performances as we are. Congratulations on a job well done.

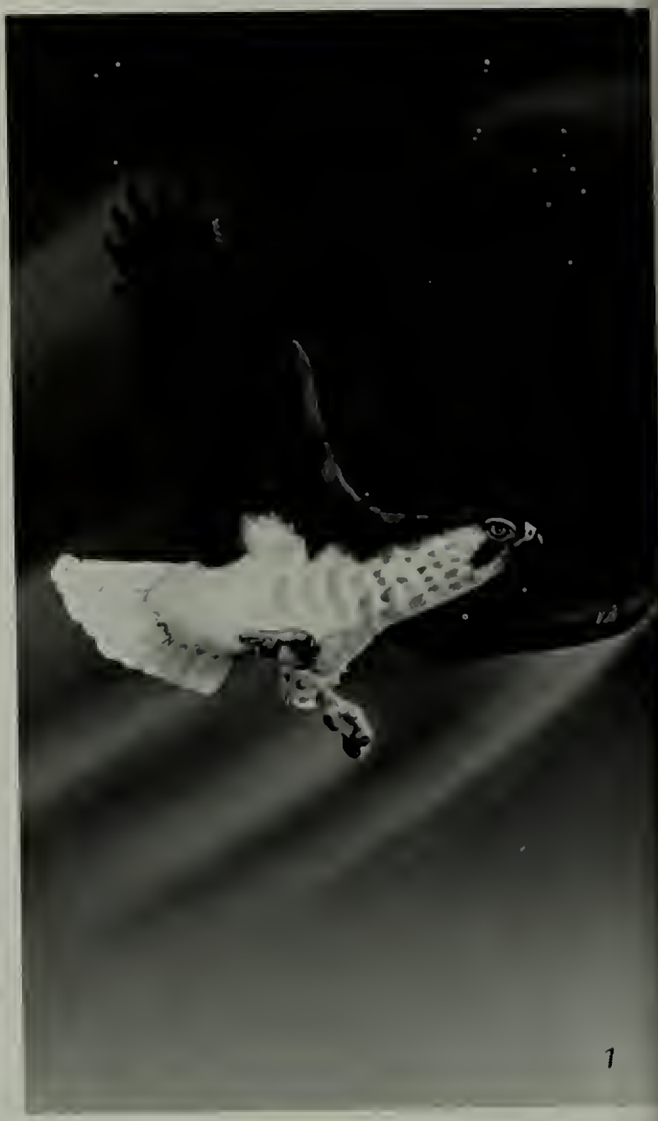
Lisa And Roni Sue's Performance Proves

The Future Is Ours

The pressures involved in putting together a quality yearbook are enormous. Some people are bothered by the pressure, while others welcome it. In March we were hit with the realization that we did not have sufficient ad money to put the major sections in color. We then appealed to the class and although we got some help it was far below what was needed. It was at this point that Lisa and Roni Sue showed their true leadership ability. They went out and got enough ad money to make the book the "best ever". At the close of the school year Roni Sue finished first in ads, Lisa finished second, and another member of my staff Amy Goode finished third.

When I look back over the year and recall the problems and the pleasures I can vividly remember the good times. The main reason for this was the positive attitude from the two leaders. My memories of this year will always be of harmony and loyalty. I remember; the trip to State College with Lisa and Kellie where our theme had its birth, also of Kellie jogging through the campus, of Roni Sue being treated as an equal by Lisa, of Marcia overcome with emotion and screaming wildly as Kevin McHale tips one in at the buzzer, of my Gumbie clock, and of Roni Sue not sticking to the script on Awards night. These two young ladies were the main reason for the success of the book. They worked long and hard hours always having to do the little extra needed to overcome problems. While they are not the most talented in design and layout I have never had two editors that were equal to them in overall ability. The book is now finished and heading to State College for publication and it is without any doubt the finest and most complete book in my twelve years as advisor. Lisa and Roni Sue this book will always be yours to prove to everyone that 1985 will be remembered for *The Future Is Ours.*

Designed by James McDonnell
Written by James McDonnell



1

Thank You

After 12 years of being Waltham's yearbook advisor, Mr. James McDonnell has accomplished the task of placing our yearbook above all other high school books in New England. Our yearbook has had to compete with college books in the annual P.I.A. Award competition. He has instilled in his staff the responsibility to make decisions and to be fair to all of the students in our class. He tried to reach out and include every student in the book. He achieved more than anyone expected him to do.

He helped us put together a collection of memories entitled *The Futute Is Ours.* Something we can all treasure and take pride in.

We would like to thank four people without whose help and guidance this book would not be a success. Our photographer, Mr. Terry Bleiler and his brother Jay who provide us with excellent photography and have always managed to get the job done. Our Jostens' rep, Mr. John Neister and his wife Lois who provide the choreography for our book and have given us all the new ideas that we used. Thanks also to Anne Holmes and the staff at Jostens for treating us "First Class".

In Spite Of Three Directors In Three Years The Band Has Remained Strong And Is Still The Hot Jazz Band

This year's edition of the Waltham High Jazz Band has performed in many concerts and competitions. Among these was the University of New Hampshire Jazz Festival where our band performed "Basie, Straight Ahead" and "Groovin Hard". The Jazz Band did an outstanding job at the festival.

In the middle of the year our director, Mr. Charles Gordon left the school system for a job in the private sector. He was replaced by Mr. Ferguson. He gave the Band his own style of music the way Mr. Gordon did when he took over for Mr. Ferrante, the Jazz Director in 1983. Before Mr. Gordon left the band he made us feel we could do anything we put our minds to. He said "Anyone could walk through the door, count off a chart, and you would still play as good as you have been." Everyone in the Jazz Band was sorry to see him go. When he left he made us feel confident that we will be the "Hot Jazz" Band that we have strived to be.

Despite three directors in three years the Jazz Band has remained strong because of the enthusiasm of its members, especially the seniors. The senior member of the band include our drummer, Bob Hart and our lead trumpet player Matthew Burstine, both of whom have been selected to Northeast District and have been recommended for All-State. Jim Rao on alto sax and Bill O'Brien on tenor sax and clarinet were our soloists. Jim Casella, our bari sax player is one of our hardest working performers. He has put a lot of work into his music and it shows. The remaining seniors in the band are Jim Demoy; trombone, Paul Roberts; tuba, Ted Lavash; Guitar, Pat Kavey; Alto Sax and Susan Wilson on Tenor Sax.

Victories By Football And Soccer Teams Makes Homecoming A Huge Success

Once again Waltham High's traditional homecoming was a huge success. The Football and Soccer teams along with the coaches, cheerleaders, and the Show Band combined to make it a memorable event.

The rally was held on Friday, November 9th. Adding to the excitement of the rally were the speeches by the Coaches and captains and the introduction of Angelo Mosca, a former W.H.S. and C.F.L. star. "King Kong" Mosca gave a stirring speech on what beating Newton North meant to him and URGED the students to support the Hawks at the game on Saturday. Later Dave McDonnell and Michelle Luciano were crowned King and Queen. The senior runners-up for queen were Jennifer MacLeod and Jonna Millerick. For king, the senior runners-up were Mike LeBrun and Jamie Bourque. Gina Sliney, Jennifer Tiano, and Gretchen Monahan were chosen as attendents to the queen.

On Saturday the boys' soccer team beat St. John's Prep 5-4 in a shootout to advance to the semi-finals of Division 1 North. After two overtimes and four sudden death overtime periods, a penalty kick by Jim Kramer clinched the victory. Later in a game at Leary Field between the arch-rivals, Waltham and Newton North, the football team pulled through with a thrilling 13-7 victory. Homecoming 1984 will be long remembered by many.

Show Choir Exciting

Once again, Waltham's tradition of talent shows through in both the show choir and jazz choir groups. Every year the show choir participates in a competition at the University of New Hampshire. We have received second place for four years, and last year achieved first place. With a great deal of new talent, this year's show choir appears to be very promising and exciting.

The group of students in the show choir is diverse. We have students involved in sports, cheerleading, the T.V. studio, drama, the yearbook, and many more activities. The common denominator is music and fun, and that's what brings them all together. Despite different interests, the many students involved in the show choir get together during and after school to have fun and to practice for competitions and "gigs" around town. A lot of extra time and effort is put in by everyone in the group. The enthusiasm and closeness is what makes it such a special activity.

There are many requirements to be in show choir. As a result of the school scheduling system, the show choir can only meet two periods a week, and one night rehearsal a week. Once you are in show choir you are also expected to learn the music of both the chorus and concert choir, on top of the show choir music. This becomes very difficult when you can't fit these courses into your curriculum. More important than all this is that you have to want to be in show choir, because a lot of dedication goes into this group, not only by the other students, but also by Mrs. McIvor.

The director, Mrs. McIvor, has put together a competition package with music varying from a Disney medley to a beautiful ballard. With her help and the hard work of the students, Waltham's show choir, again, it is the group to beat and its going to take other schools a lot of work to keep up with the growing talent in Waltham.

Child Care Experience Leads Many To A

Career In Education

A child is a innocence meeting the world
with a trusting, out stretched hand
curiosity, discovering the world.
Unhurriedly, unplanned
honesty laying bare the world's
true joys and hidden flaws
excitement never allowing the world
to stop; but briefly pause.
A child is laughter conquering the world
with open, smiling face
A child is love uplifting the world
to a happier, higher place.

I think this poem by Kay Andrew describes how every student taking the Child Care class feels about children. The child care program offered classroom work taught by Linda Ahern and having the experience to work at area day cares.

More than half the girls plan on continuing their education in Early Childhood or Elementary Education. Being able to work and play with the children, going on many field trips visiting the various daycares and the children has opened many eyes to the need of teachers and helpers to aid children.

In the classroom, we were able to discuss our experiences at the schools. We discussed the emotional, social, intellectual, and physical growth of the children with their small and large motor coordination. We deal with a child's self concept, self discipline and attitudes.

Some of the girls had both happy and sad stories to tell. We learned to act as professionals. We were taught how to handle and help many problem children.

Thank you Mrs. Ahern for giving us the chance to grow with the children we were with throughout the year.

I would like to achknowledge the schools who participated in the program. The Carousel Nursery School, Prospect Terrece, Green Acres, Kindercare, Waltham Day Care, Patty's Home Day Care.

Over 10,000 Carnations Sold On Valentine's Day, 1985

The Smell Of Success!

Valentine's day, a day of love and friendship, was alive and well at Waltham High School on February 14, 1985. Thousands of carnations filled the hallowed halls making it one of the most enjoyable days of the year. The joy of Velentine's Day could be seen on the excited faces of students and teachers alike. Whether giving or receiving, carnation day was a day for everyone.

Over 10,000 Red (I love you), Pink (I like you), and White (Thanks for being a good friend) carnations were delivered by the seniors bringing happiness to students and teachers. This drive made both an enjoyable Valentine's Day along with raising over $7,000 for scholarships given to deserving seniors.

This year's carnation drive was headed by seniors Amy Goode and Fabiana Tamburrini under the direction of Mr. Donald Thibault. Thanks to the dedication of many hard working students, this year's drive was a tremendous success.

Seniors Lead The Way As Show Band Has A

Fantastic Season

The year was very successful for the Show Band because of the help of many seniors.

At the beginning of the season, I had Matt Burstein, Doug Hill, Jim Casella, Paul Robert, and junior Alanna Juliano help me teach the rest of the Show Band the correct marching techniques.

For our instrumentalists we had Matt Burstein who is the 1st Trumpet player. He has been participating in the Show band for three years now, and in his final year, he played a solo in "Softly As I Leave You." On his own time he also plays in the Bentley College Band.

Jim Casella was our only Baritone Sax player. He started off in his first year playing the Alto Sax and in his second and third year, he played the Baritone Sax. Also, on his own time he plays in the Bentley College Band and in the American Legion Band.

Jim Demoy, who plays the Baritone, has been participating in the Show Band for three years. On his own time he also plays in the Bentley College Band.

For the past three years, Henry Gaudet and Bob Hart have played the Tri-Toms in the Show Band in the percussion section. In addition both Henry and Bob have played in the Bentley College Band. Henry also enjoys playing in the American Legion Band.

Doug Hill, an Alto Sax player, has participated in the Show Band for three years. He too plays in the Bentley College Band and also in the American Legion Band, which is directed by his grandmother, Dot Slamon Hill.

Tracy McCabe is a Clarinet player she has been participating in the Show Band for three years.

Paul Robert has been participating in the Show Band for three years. His first year he played the Trumpet, but switched to the Tuba in his second and third year. He also enjoys playing in the Bentley College Band and in the American Legion Band.

Tenor Sax players, Mike Schultz and Susan Wilson have been participating in the Show Band for three years. Both Mike and Susan started playing the Alto Sax in their first year marching, and in their second and third year they both began to play the Tenor Sax.

In addition to the above seniors who have played musical instruments, there are other seniors who have participated in the two other sections of the Show Band, the Majorettes and the Crimsonettes.

The Captain of the Majorettes is Dianna Lesanto. She has been a member of the Show Band for three years; in her first two years she was a squad member and in her final year she was elected Captain. This year she made up the routine for the Majorettes to go with our field show.

The Captain of the Crimsonettes this year was Mary Hartman. In her first two years she was a squad member. This year she made up the routines for the Crimsonettes.

Christina Wong and Suzanne Casey are also Crimsonettes, and have both participated in the Show Band for three years.

Susan Piantedosi has participated in the Show Band for three years one way or another. Her first two years in the Show Band she played the Trombone, and in her final year she joined the Crimsonettes.

For our field show this year we played "Sun Cat, Five-Foot Two, and Softly As I Leave You", all three songs were extremely difficult to play and the marching routines we had to go with the three songs had very intricate moves that by the end of the season looked fantastic.

I, myself was the Drum Major for the Show Band. For months I worked with the Band and got to know each and every member and became good friends with many of them. It was an experience I will never forget.

Without the Direction of Mr. Charles Gordon Jr., and his assistant Mr. John Crowley, the year would not have been the success it has become.

The Class Of 1985 Pulls Together To

Say It With Music

From the moment the curtain rose to the follicking strains of "Bring Back Those Minstrel Days" revealing a gaily clad company of entertainers, the audience knew that "Say It With Music" would be more than an average Senior Revue. After somewhat of a rocky start, the Class of 1985 managed to pull together a show brimming with talent and enthusiasm.

Hosted by the charismatic joint masters of ceremonies, Jeff Burke and Tony Massarotti, the first act, based on the format of a minstrel show, flowed effortlessly from the renditions of classic songs to modern break dancing and a selection from a rock band. Ken Griffin added a new twist by presenting a comic dialogue and special visits by such luminaries as Diana Ross and "The Screams" and "The Bleach Boys" helped contribute to the lighthearted fun of the evening.

Based on songs by the great Irving Berlin, the second act of the show couldn't miss being a success. From solos on such songs as "Easter Parade" and "What'll I Do" to the group efforts of "Sisters" and "Moonshine Lullaby", the audience was treated to versions of Berlin's songs that will not soon be forgotten. Spicing up these numbers were student written commercials in between, parodying products that ranged from Band-Aids to Big Macs.

All of this was not brought about by the seniors alone, of course. Much of the credit goes to Susan Chebookjian (1982 yearbook editor-in-chief) who choreographed such spectacular numbers as "Steppin Out With My Baby" and "The Only Dance I Know", performed by our own "hula girls". Edward May as musical director patiently listened to all our flat notes until he put us all on key. Also from her rook backstage, Natalie Durkin kept us beautifully costumed and ever attentive to sudden mishaps. However, the greatest amount of credit and thanks goes to Mr. Robert J. Eagle for taking almost 100 kids and making each one into a performer.

As a time of both hard work and fun, Senior Revue should hold nothing but fond memories for those who were involved in it. For the first time during senior year, the Class of 85 pulled together into a unit which brought people closer together. Each and every person who participated should feel both happy and proud about how well the seniors were able to "Say It With Music".

The Fantasy World Comes Live As The Juniors Were

"Wishing On A Star"

"Wishing on a Star" the theme of this years class of 1986's Junior Prom suggests the world of fantasy. On March 30, 1985 at the Hillcrest this fantasy world came alive.

Giselle LeBlanc and Brenda Woodland sang "Starmaker", they were joined by Jim Perry and Kevin Hill to sing "Candle on the Water", to which they dedicated to the class. Mrs. Alisca Czarnowski former junior housemaster was honored by the class along with the prom committee members for their dedication and hard work. Each received roses as a special gift from the class officers as a token of appreciation.

The waitresses and D.J. picked the Prom Queen and her attendents after a long grand march. The decision was a very difficult one because everyone looked so beautiful, however, after a lot of collaberating the winners were picked.

Dee-Dee Harris was crowned Queen of the Junior Prom along with her attendents Karen Bibbo and Kristine Duffy. They then proceeded to dance with their escorts Phil Rando, Billy Gamble, and Jim Perry, to the music by Gary Dawson. Gary Dawson the prom's D.J. added a special touch to the fantasy world by using his mystical and magical fog along with the colored lights.

This years class decided to break the tradition of having one song for their prom. Ten songs were chosen for each held a special meaning for those who attended. Among these were "Faithfully", "Missing You", "Truly", and "We've Got Tonight".

The prom committee along with the class officers succeeded in making it a night to remember. All who attended left the prom with smiles, laughter, and with the dream of returning to that fantasy land once again.

The National Honor Society Completes

A Successful Year

The National Honor Society, under the direction of Mr. John Cox, has completed another successful year.

The Honor Society continued its tradition of ushering at the many school functions, including Drug Awareness Night and Awards Night.

A tutorial program offered to high school and elementary students, was s service provided by the National Honor Society members.

Several fund drives were run by the N.H.S., including a Phone-a-thon for the American Heart Association, for which the members raised over $2000.

Perhaps the most successful and rewarding of all N.H.S. activities was its involement in the Student Santa Gift Fund Drive. The N.H.S. and the Student Council worked together with the students of Waltham High to raise money, so that each homeroom could provide a needy child with a gift for Christmas.

In a candlelit ceremony on May 23, 1985, 30 seniors and 17 juniors recited the oath of the National Honor Society. President Jim Rao, Vice President Ian Avruch, Secretary Patrick Couglin, and Treasurer Linda Cormier spoke to the members about the Society's standards of scholarship, leadership, character, and service. After the ceremony, members, their parents, and friends enjoyed refreshments provided by the junior inductees. It was a rewarding evening enjoyed by all.

Blue Water, Pink Sand, And Mopeds As

The Memories Go On

Blue water, pink sand, and mopeds are just a few of the memories that will stay with us forever. As the plane landed and the 112 Waltham students set foot on the beautiful island of Bermuda, we knew that there was an unforgettable week ahead of us.

There were many nights that started at the White Heron, but from there the group went everywhere, from the 40 Thieves to dancing and strolling on the beach. The nights were as beautiful as the days. During the day Elbow Beach and Horseshoe Bay Beach were the places to be. Despite a few days of rain, our group made the best of the week in Bermuda. In one week we crammed in sightseeing, beaches, bikinis, and parties. Bermuda is a place where you can relax, get a tan or burn, make new friends or strengthen old relationships.

The highlights of the trip were the beach parties because it was a time for the whole group to get together, take pictures, have fun, and get thrown in the ocean. There were two parties at Elbow Beach, where we met the Bermuda Strollers, and an evening party at Mermaid Beach. At all of these Bermuda events, hats and T-shirts were given out. One week is not enough time to see the whole island, but we did manage to see the Crystal Caves and the beautiful beaches of South Shore Bermuda.

Every year a trip is offered to the seniors. This trip is non-school sponsored, although it is organized by faculty members. Much effort is put into the planning for the week to make it a very enjoyable time for the entire group.

Through Hard Work And Dedication These Seniors Will See That The Tradition Is Carried On.

Throughout the ages, society stood in the shadows of a select few. Those "few" were the individuals who, from the beginning realized the importance of knowledge, set and attained higher goals, displayed a genuine concern for their peers and as a result, became the respected leaders of their time. Thanks to the hard work and dedication of these seniors, this tradition will be carried on.

Captured within the confines of these few photographs is the energy, creativity and inquisitivness assuring us of a promising tomorrow. Each personality exudes the assertiveness and enthusiasm synonymous with natural leadership.

As your high school career draws to a close and the future lies before you, keep this thought in mind: Knowledge doesn't pay . . . it's what you do with knowledge that pays.

Lisa Flanagan, our yearbook editor-in-chief had a concern to be fair with all of her classmates. This fairness resulted in Lisa being honored by her class with the superlative "Did Most For The Class". Lisa was very active in the school; being a three year member of our girls' swim team, performing in the Jazz and Show Choirs, participating in Senior Revue, and working for the past two years on the yearbook. Lisa has worked hard to attain The Tradition of Excellence in the yearbook. She has allowed all the staff members to voice their opinions and in the end made the decisions in the best interest of the class. The yearbook encountered a few problems along the way, but Lisa overcame these to make this the best book ever. Without her the success of the book would not be as great. She certainly deserves a lot more credit than she received.

Lisa is a dedicated, trusting, and fair person. She will be a success in her life. Lisa will be attending Stonehill College in the fall majoring in Business. Lisa really deserved the award "Did Most For The Class" and her classmates agreed.

Kim Giardina, our Class Vice-President for three years has worked hard with our class. Through her constant effort and concern for our class, she achieved many goals. She worked especially hard on the Senior Luncheon, co-ordinating it so that everyone would have a good time and enjoy themselves. Also our Junior and Senior Proms were under Kim's care and they turned out to be a huge success. Kim was able to work closely with classmates and faculty and with these two qualities, she showed to be a true leader.

Despite the time spent on the class Kim found time to release all her energy out on the athletic fields of Waltham High. Kim was an outstanding athlete and was well liked and respected by her peers. Kim started for three years in three sports and was elected captain of each her senior year. Kim also received many athletic awards including Best Female Athlete. In the fall Simmons College will have the honor of educating this fine young lady.

Mike Iannelli, our Student Council President is prime example of a quiet and efficient leader. Mike was the most active Student Council President in the past several years. Working closely with our new advisor Mr. Stephen Goodwin Mike organized and ran many activities for the school. Among these were; the homecoming rally and dance, the annual blood drive, the Student Santa program, the Fall Festival dance, held elections for the Student Advisory Council, and held the annual dinner for the School Committee. Mike also participated in the Annual Conference of the Massachusetts Association of Student Councils held in Cape Cod. Mike did a marvelous job as President and deserves a lot of credit for a job well done.

Besides his duties as Student Council President Mike was very active in other school events. Mike was a member of our football and basketball teams, participated in our annual Senior Revue, and also found time to write several outstanding articles for our yearbook. In the fall Mike will journey out to South Bend, Indiana where he will attend the University of Notre Dame.

Michael J. O'Halloran has been a prominent member of our class and he has been an important leader in all aspects. He has been the president of the class for the past three years and he held a seat as President of the M.A.S.C. (Massachusetts Association of Student Councils) for one year. That is the highest position ever held by a student at Waltham High. Mike is a very friendly person who cares about his class as a whole and the individuals within the class as well. As the class president, Mike worked very hard on improving the class itself, and he was always thinking of more ways to make money for the class. At graduation, Mike's speech was very touching and the quote "Class of 1985, you will stay in my life forever" sums up Mike's feeling for the class. Next year Mike will be heading to Beacon Hill to attend Suffolk University and to also be close by the State House where someday he will surely end up.

In contributing her time, effort, and talent to the Class of 1985, *Roni Sue Pomerleau* gained the admiration and respect of not only her classmates, but the faculty as well. In three years at the high school she has accomplished a lot and participated in many school activities. Among these; a three year member of our ski team, a class officer for two years, chairperson of the Junior Prom, and a prominent member of the Senior Prom Committee. Her biggest duty was that of Editor of the Yearbook for the Class of 1985. Roni Sue spent her whole senior year and the summer as well working closely with Mr. McDonnell and the other staff members to make "The Future Is Ours" a huge success. The yearbook ran into some problems this year and if it were not for Roni Sue we never would have made it.

Roni Sue is a very trustworthy classmate and friend. Receiving the award "Most Respected" is the one way for the class to show their appreciation. Roni Sue will take her act on the road in the fall attending the University of Maine at Farmington where she will major in Elementary Education. No words can truly sum up the admiration and thanks that she deserves. Thank You Roni Sue.

Lee Wilcox is a remarkable person and friend. He has many achievements and adds more to his credit every year. He has achieved heights in the academic area, ath-

letics, and in the community. He has been a member of the National Honor Society for the past two years. He has received many awards in the academic areas including a full scholarship to Northwestern University in Chicago. Lee has served on the Student Council and was Treasurer of the class his senior year.

Lee plays numerous sports including; varsity football, city league basketball, and varsity baseball. Lee is also an excellent skiier, being a member of the boys' ski team his three years at the high school. He was co-captain of the team for the past two years and he led the team to the State Championship. This was an incredible task. Lee is a well rounded person who is respected by all.

Knowledge And Experience Makes For

A Rewarding Course

Health Careers is a two year program which offers students first hand knowledge and experience in various health fields. The first year of the course is a classroom study where the student learns medical terminology, techniques, first aid, and many small medical tasks. During the second year, the student acquires first hand experience with these techniques and tasks by volunteering at various clinical health agencies once a week. They also have a classroom study in which the students learn in detail the human body, its diseases, their causes and treatments.

The course was initiated by Mrs. Janet Coen and has been taught for the past few years by Ms. Ellen Andrews. Ms. Andrews is a warm, caring teacher who strives to help each student. To all of us she has been a friend: always there to guide us, always there to listen, always there to help us make the right decisions about our ensuing careers.

The students had a chance to meet people, help people, and to learn how to act as professionals. They learned a great deal about all medical fields and acquired a better insight into possible careers in the health professions.

I would like to acknowledge and thank the participating agencies or hospitals, Fernald State School, Maristhill Nursing Home, Middlesex County Hospital, and the Waltham Hospital.

"Friendships Treasured Dreams Fulfilled" Shows During Senior Week Events

Senior Luncheon was held on a beautiful sunny May 20th. The luncheon was a potpourri of serious reflections, heartfelt thanks, and silly jokes recalling unforgettable experiences.

"Friendship Treasured Dreams Fulfilled" our class motto will never be forgotten. We will not forget the sexy ladies dancing as the Supremes or the Michael Greeley and the Joe Pulselli imitations. We will remember the spirit and the rousing chant for Waltham teams by a sportsman and our own "Super Fan" Ed Sweet.

Academic and athletic awards were distributed to the seniors and the faculty. Kim Giardina and Dan DiVito were honored as the best athletes and received the Louise Sewall and Ken Harding awards respectively.

Class President Mike O'Halloran described us as a puzzle "As pieces, we are scattered about and mean nothing to each other, but as interlocking pieces, we form a picture of the Class of 1985".

On May 30th students felt proud that they were being recognized for their achievements. Scholarships worth over $300,000 were handed out that evening. You could see the gleam in every parent's eyes as they watched their children walk on the stage and receive their scholarships.

Yearbook advisor James McDonnell was praised for his "Dedication above and beyond what was expected". Lisa Flanagan, Editor-in-Chief of the book, Editor Roni Sue Pomerleau, and Lee Wilcox announced the long awaited surprise of the names on the yearbook plaques. This year we had two recipients, Mr. Robert Eagle, Director of English and Drama, we recognized him as "a dreamer" who has imagined many marvels. Lee Wilcox presented the other award in a somewhat emotional state to Mr. Jerry Nelson, who he said welcomed and taught students in a way which made them feel wanted and capable. ❒

Limousines, Beautiful Gowns, And Fancy Tuxedos, Are Everywhere At This Black Tie Affair

The night was May twenty-eighth, and what a night it was. The Waltham High School Senior Promenade, held by the class of 1985 was one of the most successful proms in many years. Lombardo's in Randolph is where 260 couples gathered together for a night of dinner and dancing that will remain in the memories of everyone who attended.

It began at 7 o'clock with black, white, gray, and brown limousines pulling up and letting off classmates and friends, to have the time of their lives. At this black tie affair, it was the norm to see everyone all "decked out" and dressed in tuxedo's and ball gowns. Pictures were taken in front of a magnificent chandelier, that was a great asset to the evening. From there everyone sat down to a salad, pasta, and chicken dinner accompanied by a free soda bar. The night was full of hours of talking, and dancing.

Around 10 o'clock, it was time to choose the Waltham High School Senior Prom Queen. The waiters and waitresses chose 15 semi-finalists, which soon were narrowed down to the three finalists. The 1985 senior prom queen was Charlene Buontempo, who's escort was Mike LeBrun. The two attendants were Maureen Fougere and Amy Lucchese. The girls received long stem roses and the three couples led the class dancing to the theme song.

The Disc Jockey was "The Entertainer," who kept the music going non-stop for five hours, playing our theme song, "I'll Be There" by The Jacksons and all the popular songs, to please everyone who attended.

Midnight came awfully fast and everyone was suprised to hear that there was only one more song. As the limousines and cars drove away from Lombardo's to continue the night at parties and beaches. All that was left was a happy and enjoyable memory that will stay with all those who attended the 1985 Senior Prom.

Seniors Gather For The Final Time

To Walk The Line

And walk the line they did as the cameras clicked and the sunglasses were out by the thousands to block out the bright sunshine. Sturdy vocal chords seemed to be the necessary ingredient at Leary Field on Sunday June 2nd, where crowds flocked to watch the graduation of the Class of 1985 of Waltham High School.

Mothers, fathers, brothers, and sisters packed the bleachers and lined the fence. They kept up a constant cheer and appreciation for the 542 graduates. The optimistic prospects of the future and the significance of past high school memories fit the theme "Friendships Treasured Dreams Fulfilled" of the Class of 1985.

Student Council President Mike Iannelli presented Mr. John Regan and the High School with new park benches to help beautify the school grounds as the Class Gift. Susan Danielson, President of the Vocational High presented Mr. Ernest Viscarello with a V.C.R. and a video camera to further the education at the Vocational.

The speeches were kept short, but brought about valuable lessons to the class. "As you go forth, remember who guided you - your parents, teachers, family, and friends . . . ., and consider their hopes for you, and be ever thankful for their guidance." Those were the words of wisdom spoken by our Class President Mike O'Halloran.

Mayor Arthur Clark told us that "You are, at this moment, on the threshold of a new and exciting life - you will have many opportunities and you will encounter many challenges."

School committee member Jane Roche Gately talked about our educational system. "The people are putting down the public school system, but how can you look at these students and feel nothing but proud."

This year we were fortunate to have not one but two class poems. Heidi Morreale wrote New Palets New Paints and Julie Faulstich described us as a Perfect Circle.

For the 542 members of the Waltham High graduating class, there could not have been a more glorious day to mark the end of our high school years and the beginning of our future.

Love Mom, Dad, Janet, JoAnn And Susan

New Palets New Paints

We are artist painting our future.
As our brushes flow across the canvas.
We notice that every now and then we must dip
into anothers paintbox.
Sometimes we work together, others alone
We touched
Briefly
and
Eternally.
Now our painting is completed.
We have worked hard on it for the past twelve
years.
We can never relive the experiences we had
While we were guiding our brushes over
the canvas,
But we can always remember the bright colors
We choose and the strong brush strokes
we made.
Now we must move onto a new canvas
A New Easel
A New Life.
We are the only ones who can direct which way
the grush will glide across the paper.
Whether it be short, choppy strokes or smooth
sweeping ones, is up to us.
We are the ones to choose which direction
We will go.

Heidi Morreale

1. Heidi Morreale reading her poem New Palets New Paints.
2. Terri Almond after receiving her diploma.
3. Julie Faulstich reading her poem Perfect Circle.
4. Tim McGrath and Jim McGinn enjoying the proceedings.
5. Our Editor-In-Chief Lisa Flanagan and our Editor Roni Sue Pomerleau. THE DYNAMIC DUO!!!!!
6. Fabianna Tamburrini with her parents.
7. Pam Sheard with her family.

Thanks For Your Loyalty Mr. Mac

Perfect Circle

As the sun rises and sets,
As the seasons arrive in turn
We have completed a perfect circle.
Joined together now,
Bonded by the ties that only time creates,
We fondly recall our path around that circle:
The satisfaction of achievement.
The guidance and support of friends and teachers
The triumph of accomplishment.
And although sometimes darkness,
Oppressive and defeating
Would seem to have won,
The light at the end of the road
Clearly beckoned and brought hope
Compelling us to completed the cycle.
Soon, we begin again.
Starting where we did four years ago.
For although we are much the richer
In love and learning,
We must leave this comfortable circle.
To enter a brighter ring of light
As we travel along life's interlocking grid
Of cycles and experiences
We shall not forget this happy time,
For without this perfect circle,
There can be no others.

Julie Faulstich

Pam-You've Been A Terrific Daughter Thank You-Have A Great Life!

As we pause to reflect upon the tremendous loss of our Deputy Superintendent and friend, ***Jim Cannon,*** we cannot help but be a bit sad. There is no question that the Waltham School System is immeasurably poorer now that Jim is no longer with us. Yet, those of us who knew him well and called him friend can take heart in the knowledge that his dedication and compassion to the children in our school system has touched all of us and will remain with us forever.

A writer once wrote the following words to describe what it means to succeed in life:

to laugh often and much;
to win the respect of intelligent people and the affection of children;
to earn the appreciation of honest critics and endure the betrayal of false friends;
to appreciate beauty;
to find the best in others;
to leave the world a bit better whether by a healthy child, a redeemed social condition, or a job well done;
to know even one life has breathed easier because you lived -
this is to have succeeded!

Jim Cannon's life was truly a success and our memories of the gentleness and goodness he stood for will remain in our hearts always.

Jane R. Gately

“As we gather together may we be reminded that a year is God's gift to each of us. With the gift of each year comes the freedom of choice. A choice to do with our year what we will. A choice to choose our focus. What do we want more of? What do we want less of? We probably asked ourselves those questions a year ago - and now we are asking these same questions a year later - when we are a year older and hopefully a year wiser.

My prayer for the new year is that each of us have the courage and stamina to let life happen to each of us. To accept its joys and successes and take in stride the learnings that stretch us and test us.

To put it simply may each of us because of our relationships, with one another, laugh more, live more, and love more in the coming year.”

James J. Cannon

Julie Blanchard is one terrific Lady! Whenever anyone asks her for a favor or advice, she is always ready to lend a helping hand. You ask her for the favor because you can depend on her to get the job done well.

Julie is in her seventeenth year of teaching art in the Waltham school system. She is a graduate of Emmanuel College, where she earned her Bachelor's degree in art. Then she attended Assumption College where she received her Master's degree in art. At the present time Julie is attending The University of Lowell for her second Master's degree, this time in administration.

Since she is a student herself she can understand the student's feelings under certain circumstances. Somedays school can be very trying. Either you have family problems or an emotional problem with a boyfriend or girlfriend. You could have just received a bad test grade from a major subject. With these problems occuring the student feels like just sitting in class and keeping to themself.

One day I sat in with one of her classes and I really liked the feeling I got when I was there. The students seemed very eager to learn. I felt the student to teacher relationship of communication was superb.

Julie is not only a teacher, but also a friend. All the effort that she puts into her activities rub off on her students. She is always striving for bigger and better projects. Julie has influenced me a lot, and I know she will continue doing a great job with all her students.

When Mr. Stephen Goodwin graduated from Waltham High in 1964 he had little idea of what the future held in store for him. It turned out to be more of the same. For the past fifteen years "Mr. G." has taught social studies at his alma mater.

Mr. Goodwin graduated from Boston University in 1968 and holds a Master's degree from Boston State (1970). He teaches courses in Constitutional Law, U.S. History, and Law and Economics in room 265. His classes are always popular around course selection time because of his skill as an instructor and the personal approach he takes to his work (anyone who has not experienced his 1950's social history unit truly has not lived). Mr. Goodwin is also a man with nerves of steel. This is easily apparent when you consider he has also taught Drivers Road for the past fourteen years.

This past year, Mr. Goodwin took on the role of Student Council Faculty Advisor. He has performed superlatively in this capacity. He was instumental in organizing the "Student Santa" program which provides Christmas presents for under privileged children.

Mr. Goodwin is a well known personality among the students as well. He is always in attendence at the football, basketball, and hockey games. He is a traditional crowd pleaser at the annual student-faculty basketball game, and he is also known throughout the school as the world's very best Santa Claus.

Mr. Goodwin - "Thanks for the Memories".

Upon graduating from Waltham High Mr. Charles Gordon went on to pursue a career in music at The Berkley School of Music, where he received his Bachelor's degree. He is currently working for a Master's at Framingham State.

Mr. Gordon then went on to teach in the Waltham school system for five years prior to his departure on December 21st. When he told us that he was going to resign to pursue a career in computers we were all upset and many of us "cried".

Many students commented on Mr. Gordon leaving. Here are a few: "We the music students, who have studied with and knew him did not want to see him go, but we understand why he is doing this to us and we realize that he had to move on to new and better things". "We felt it may have been the best for him, but we still felt it really was not the best thing for us".

Another student responded by saying "He was 97% friend and 3% teacher, in other words, he was more than a music teacher, he was our friend".

Out of most of the students whom I asked on how they felt about him leaving, the most common comment I received was "I really can't put it into words".

Through this, many of the students and faculty members of the Music Department were upset with him leaving, but we all hope he will be happy in his new career and life.

Upon graduating from Newton High School, Mrs. Barbara Matthews entered Boston College where she earned a Bachelor of Arts degree in English. She began teaching English at Waltham High sixteen years ago and she has done an outstanding job in educating and motivating the students. Barbara currently teaches English, Speech, Creative Writing, and Journalism.

For many students she has made English not a burden, but a rather enjoyable subject. Her approach to teaching is interesting, humorous and above all fascinating. Mrs. Matthew's patience, understanding and wide range of knowledge in her field has made her one of the finest in her department. A good example of her patience is having to put up with a fellow teacher and roommate who is a Laker fan. Don't worry Mrs. Matthews we have pity on him too.

Mrs. Matthews' achievements outside of teaching at Waltham High are many. She has published a book and a magazine article, and she has spoken on a national radio program, all things considered, on the subject of Ronald Reagan's policy on education.

The Class of 1985 extends their thanks and appreciation to Mrs. Matthews for her dedicated teaching. For those who have had Mrs. Matthews as a teacher, she will be long remembered in their minds.

If ever a teacher were to be singled out for support and friendliness, Mrs. Johanne McIvor would be that teacher. Having taught in six Waltham schools, and now completing her third year at the High School, she is very well known and has become one of the most respected teachers in the music department. She can always be counted on for help and advice concerning anything from school to all social relationships.

Mrs. McIvor was very active in high school and at Michigan State University. Along with teaching herself how to play the banjo and guitar she participated in volleyball, field hockey, basketball, softball, lacrosse, and tennis. Mrs. McIvor has been married for twelve years and her husband Bill and their two boys, Matthew and Teddy have been most supportive of her career efforts.

In the few years that she has been at the high school, she has done wonders with the choral group. She has managed to bring the chorus from 80 to 150 and is the creator of our award winning Jazz Choir. She has been instrumental in recruiting many more than the usual number of boys for the choral groups. Three years ago the choral program was at a stand still. Now the music department has achieved the respect and acknowledgment that was denied for many years.

Finding a teacher as devoted and talented as Mrs. McIvor is like finding a needle in a haystack, but Waltham High did it. Mrs. McIvor makes it enjoyable to come to her class, and any teacher that can do that deserves a lot of credit. Her tenderness and caring is what makes her such a "good friend". With her high spirits and friendly attitude toward everyone, Mrs. McIvor deserves to be recognized. Speaking from personal experience I can say that she is definitely a teacher and a friend that cares.

Did you know we had a Generic Specialist at Waltham High? What is a Generic Specialist?

Susan Parrella helps the 250 special need children in the High School. Susan grew up in Waltham and attended Waltham High School. She did her under-graduate and graduate work at Regis College. She majored in English and has been a teacher for 11 years. Seven years as an English teacher and four years working in the Special Education department. She is a Doctoral candidate at Boston College in special education administration. She has received her masters as a Generic Specialist in Special Education.

She has certainly put in many hours of hard work persuing her career. She spends many hours in conferences, meeting with parents and teachers and most important working with the students. I was amazed as I was listening to her as to the amount of caring that she shared with the students that she is helping.

She is required by the state to do yearly basics and every three years she has to do core evaluations. She needs to prepare special programs for each student. She sets up their education schedule and she makes suggestions for placements and to outside agencies for families. She has to be able to diagnose disabilities and intervene on behalf of the student with social workers, teachers, and parents. The paper work is endless.

She puts a lot of time into her education and her students and she is truly one of Waltham High's finest educators.

Mr. Robert Schubert is an incredible and dynamite person. He is currently working two jobs at Waltham High School. He is a Media Specialist, handling the Audio-Visual Department and coordinating the T.V. Studio. Mr Schubert also has to make time to prepare and teach his history classes. He carries a lot of responsibility, worrying about the equipment and the classes he teaches. In spite of this he always finds the time for any student who needs his assistance.

I started working in the T.V. Studio in my sophomore year. Mr. Schubert taught me about the equipment that is used and how to operate and coordinate the tapes.

Mr. Schubert has been teaching in the Waltham School system for twenty-four years. He was the assistant varsity track coach from 1962 to 1978. He grew up in Jersey City, New Jersey and received a track scholarship to Brandeis University. He received his Master's Degree in Education from Northeastern University. Later he took courses at Boston University and Framingham State to become certified for Audio Visual.

For many years, Mr. Schubert was handling the T.V. Studio by himself. Besides his many duties he manages to spend what little quality time left with his two new infants as well as his three grown children. Last year the Schuberts needed to move their house from one city to another. He is working part-time as a builder and a carpenter. His own spare time is spent at a gun club. He is a member and competes in combat shooting contests with hand guns.

Once again. I have to tell you what an incredible person he is. All the work he accomplishes is done for the love of his children in school and at home.

After 25 years in Waltham, Mr. Henry Woronicz will be retiring as a physical education teacher from Waltham High and we will miss him dearly. Although he plans to move to Cape Cod with his wife, his guidance will endure over the years in my heart.

It is no coincidence that he decided to become a physical education teacher. His interest in sports started when he was in high school. At Brockton High, he played football and basketball, but football was his great love. Later he attended Boston College and became a member of the football team, the B.C. Eagles. One of the great moments in his life was when he played in the Sugar Bowl in 1941. He coached college football at Northeastern University and at the University of Massachusetts at Amherst. Afterwards, he coached football at Waltham High whom he played against as a teenager in the mid 1930's and is now one of our gym teachers.

Mr. Woronicz enjoys working with youngsters, although he has a funny way of showing it. Personally, I see him as one who stresses discipline and respect for authority, but otherwise he brings "comic relief" to those of us who love him. He reminds me of John Wayne in that he seeks justice and order so that "our souls may be saved." He has become my surrogate father and tries to keep me out of trouble. He warns me about boys and always reminds me to be a good girl and do my homework. At times, we have our differences, but I still admire him for his old-fashioned values, even if he finds me obnoxious and unbearable at times. I know deep down under his stern countenance, there is a warm and caring person with a heart of gold. I will always love him and I wish him happiness and good fortune in the years ahead.

It is well for a man to respect his own vocation whatever it is and to think himself bound to uphold it and to claim for it the respect it deserves.

Charles Dickens

The future is ours in skilled labor.

Vocational Dedication

We would like to dedicate this portion of the 1985 yearbook to Mr. Calvin Kalishman who is retiring from the Waltham Vocational High School staff after twenty-three years of service.

After graduating from Boston Trade School, Mr. Kalishman served in the U.S. Army. Later he operated his own automotive business prior to joining our faculty in September, 1962. He received his B.S. and Ed.M. degrees from Boston State Colleges.

As a classroom and shop instructor in our automotive department, Mr. Kalishman always strived to instill knowledge, experience, a sense of quality and pride in his students' work. He used his expertise in his driver-education classes and developed the first automotive fundamentals course offered through the Waltham Evening Division.

In his leisure time, Mr. Kalishman invented a new type of air filter and an asperator for which he holds patents. He is active in his community and has served as president of his local Kiwanis Club.

We extend to Mr. Kalishman our gratitude and appreciation for his many years as a dedicated teacher and friend to the students of the Waltham Vocational High School.

Vocational Dedication

John T Lehane

We would like to dedicate this portion of the 1985 yearbook to Mr. John T. Lehane a gentleman who has provided thirty-two years of solid service to the students.

Mr. Lehane graduated from Worcester Trade School, served in the U.S. Army, and worked as a combination welder before joining the staff of the vocational high school in September, 1953.

Since then, he has labored tirelessly as a classroom and shop instructor in the metal fabrication department while pursuing B.S. and Ed.M. degrees from Fitchburg State College. In addition, he has served as an instructor of our evening welding programs conducted for local industries and the carpenters' union. He has always demonstrated those personal and teaching qualities that have endeared him to so many of the students and staff of the school.

In closing, we wish Mr. Lehane, on the occasion of his retirement, many more years of good health, warm wishes and continued friendhsip.

Air Conditioning

The Air Conditioning Department is under the direction of Mr. Irving Kardon and Mr. Edward Lannon. Here the students learn to install and maintain air conditioning system.

Careers in air conditioning can be divided into four main fields: (1) designing, (2) manufacturing, (3) selling, and (4) installing and servicing. College educated engineeers research and design air conditioning systems. Skilled machinists, toolmakers, cabinetmakers, and similar craftworkers help manufacture air conditioners. Technical training, such as a degree in engineering, is often essential for positions in the selling and executive branches of air conditioning. Specially trained technicians, and operating and service engineers, install and maintain air conditioners.

We Fix Your Dents

Auto Body

The Auto Body Department is under the direction of Mr. Michael Hudson and Mr. Salvatore Scimemi. The students in this shop will receive complete training in the craft, using the various machines, welding equipment, and other tools that the craftman uses in restoring damaged vehicles.

In the Auto Body area, students will find a fully equipped shop with modern equipment available. Practical learning takes place in the shop using electronic diagnostic equipment, alignment equipment, spray booths, hydraulic lifts, hand tools, arc and gas welding equipment, and many other such tools and specialized equipment.

Auto Body repairmen are skilled metal craftman who repair all types of vehicles, but primarily automobiles and small trucks. After four years in this department the student is ready for the work force.

Auto Mechanics

There are many new ideas and machines being used in the automotive world today. Students must be taught in addition to things like cooling systems, subjects like ignition systems, and transmissions, new subjects like emission control, modern suspension systems and new engine models.

In the years to come mechanics must become more specialized and more skillful in their profession. They must always be on top of what's going on in their changing field and be able to change with it.

The automotive mechanic is no longer just a "grease monkey". He is just as skilled as anyone in another trade.

All phases of the automotive mechanics trade are taught with emphasis on theory combined with shop activities by Mr. Calvin Kalishman and Mr. Alexander Kapamagian.

We Design Dreams

Drafting

Drafting can be viewed as a graphical engineering language whose function is the transfer and storage of design intent. It is the engineer's medium of communication with those people responsible for the manufacture, operation, and repair of the finished product. A drafter receives design data from the engineer or designer and converts this data into the final engineering drawing. This data may be in the form of a sketch, a page of numerical data, or merely a memo describing the desired decisions such as the selection of standard processes, and the determination of materials and tolerances.

Among his other responsibilities are intelligent control of the design detailing to assure productibility of the item and the production of the finished engineering drawing which conforms to the contractual requirements of the customer. The competent drafter, with a sincere interest in his work, can learn many of the basic principles of design engineering and manufacturing of all types of products.

We Build Futures

Carpentry

The Carpentry Department teaches the uses of hand tools and introduces the safe use of machines. A series of projects are undertaken to develop skill that will assist the student to make a realistic choice of life's work.

The many fields available to an accomplished carpenter are the layout, fabrication, and assembling of dwellings and shelters. Cabinet making, remodeling and renovating furniture.

Cabinet making and mill work constitutes the majority of the work experience performed by the students. The Carpentry Department is under the direction of Mr. Michael Delaney and Mr. John Brennan.

We Make Your Tools

Machine

One of the continuing problems of the precision machinery industry has been the acute shortage of properly trained skill machinists. There are many reasons for this shortage, but the one that is most outstanding is the lack of training of sufficient apprentices by the industry. Therefore, it is the responsibility of the Machine Shop Department to train students so that they will be able to begin apprenticeship training in preparation for the more advanced phases of the machinist trade.

The students learn to set up and run the newest and most advanced tools in the industry. These include lathes, drill presses, radial drills, milling machine, horizontal and surface grinders. Bench work, lay out and inspection is also taught.

The classroom work will encompass the mathematics and the scientific principles involved in the operations performed. Such skills as how to make and read drawings, inspection techniques, theory and programming of numerical control machines, and the processes of heat treating the different kinds of metals are all a part of the training one receives in becoming a machinist.

3. Wayne LaLime and Bob Montesanti

We Spark Your Life

Electronics

The electronics industry continues to expand, offering more job opportunities to technicians. Solid state circuitry development has led to greatly improved reliability, longer life, and a considerable reduction in size.

The purpose of this course is to train students for job entry into the electronics field, such as electronic tester, and electronic technician, in areas of manufacturing, engineering, installation, and maintenance. An additional purpose of the course is to provide a firm base for additional training in school and industry.

Areas covered in shop and class include essentials of AC and DC, componenet characteristics, basic electronic circuits, and systems, test equipment, and digital computer fundamentals. Work in the shop includes construction, assembly, testing, and trouble shooting, with greatest emphasis on the testing of components, circuits and systems.

We Rule With Metal

Metal Fabrication

Almost every industry has some work for Metal Fabrication workers. Graduates of the department are capable of going into almost any field.

In the shop much time is spent on seams, containers, and soldering in the beginning. Those who have mastered the essentials advance to rivets, duct work, flashing, tees, fireproofing, fender work, ventilators, collectors, arc and gas welding, and innumerable other phases of the metal fabrication trade.

In the classroom, the same course is covered with specific references to math, drawing, and science. The science course deals with forced air heating systems, heating and ventilating systems, and power and exhaust systems.

It is fairly easy with a diploma in metal fabrication to find employment in any of the several branches of the trade, such as construction and roofing, auto body repair, ventilation, plumping and heating, aviation, or general metal fabrication work.

3

1. Chris Fielder
2. Jay Scott
3. Chris Fielder

We Make It Permanent

Printing

The Printing Department course encompasses two of the major printing methods, Offset and Letterpress, with the emphasis being placed on Offset. Within the curriculum itself, the students are trained in the major areas of planning, composition, copy preparation, process camera, platemaking, presswork and bindery.

In planning, students are taught the steps necessary in the initial preparation that is involved in production planning of printed material. Experience in composition include makeup and selection of type faces, pasteup, camerawork, stripping and making of the press plate. In the press room, students learn maintenance and operation of small offset duplicators, platen presses, large sheet fed offset press and small web rollfed presswork at the advanced level. The graduate of the program will have a variety of skills necessry to enter many areas within the ever expanding printing field.

the Health connection

Meeting The Health Needs of Today's Workforce
A comprehensive employee health program, it is designed to meet the growing needs of the business community.

Based at WalthamWeston Hospital & Medical Center, it draws on the many resources of this suburban medical center which has served the community for nearly a century and is familiar with the needs of the surrounding businesses.

A pioneer in corporate health promotion, it is committed to improving employee health and containing costs.

Health experts custom tailor programs to meet company demands. Programs help employees make lifestyle changes, reducing risks of serious and chronic disease.

Good health is good business. Examine our services and programs and then . . . make the "connection"!

July 15, 1984 To July 15, 1985

The Year In Review

In a year of great economic upswing, the most inescapable image was that of patriotism. Starting with the 1984 Summer Olympic Games held in Los Angeles, followed by Ronald Reagan's landslide victory, and ending with the hostage crisis in Beruit Americans have been proud of their country. Many events shaped our senior year they were the tragedy in India and the fury over a president's visit to a cemetary; a woman being nominated for the office of Vice-President of the United States and another woman coming forward to say she lied on a rape case and the judge not believing her; the imperial pomp of a fallen Soviet leader and the remembered glory of a fallen movie star; a man answers back his attackers in the subway and a mayor's answer to a radical group leaves hunderds homeless. But the year also brought many worthy feats. Among them; the restoration of the Statue of Liberty and a little pixie who captured America's heart.

Conservatism was now the big movement in our country. In November President *Ronald Reagan* was re-elected in a landslide winning every state except Massachusetts and Minnesota. *Bernard Goetz* fires his gun at four youths who were trying to "mug" him in a New York subway, seriously injuring one. For this he becomes a folk hero and was given the title of "The Subway Vigilante". *Mayor Goode* of Philadelphia orders the police to drop explosives on the MOVE (a radical group) house and eventually several city blocks were left in ruins. The majority of his constituents agreed with his actions. The *American hostages* held by the *Shiite Moslems* in Beruit are released after 17 days in captivity and Americans want justice to prevail. Americans are "Mad as hell and we're not going to take it anymore".

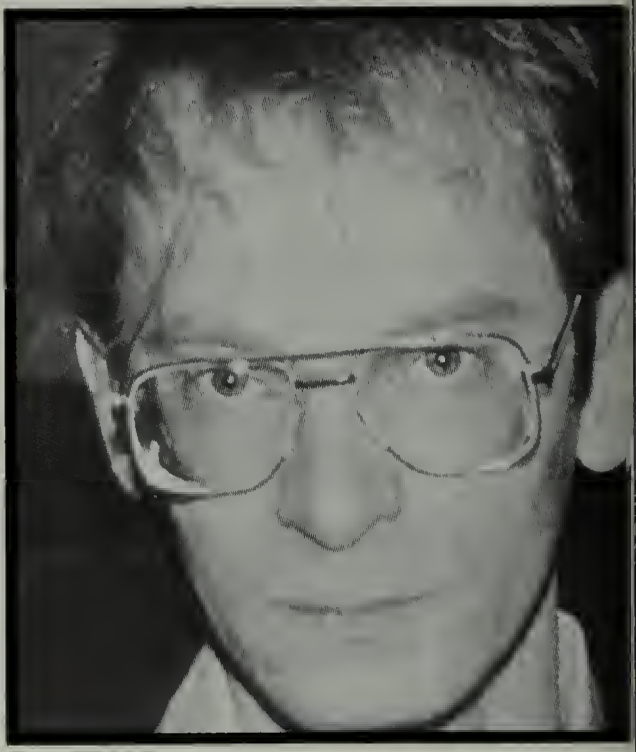
President Reagan's visit to West Germany caused a furor among survivors of the Holocaust when his itinerary called for a stop at *Bitburg Cemetary* where many Nazi graves are. And the search for *Josef Mengele,* "The Nazi Angel of Death", ends with the discovery of his remains in a grave in Sao Paulo, Brazil. He had been dead since 1979 and was buried under the name of Wolfgang Gerhard.

Konstantin Chernenko, the leader of the Communist Party, died after one and a half years in office. A term that saw him in ill health the entire time. He was immediately replaced by a young western style politician named *Mikhail Gorbachev.* He then went to work revamping the Politburo to more closely resemble his views.

Newport Socialite, *Claus Von Bulow* went to trial again accused of giving his wife an

Gerry and Fritz encountering one of the many storms they faced.

Move over big boys.



Go ahead - make my day.

God bless America land that I love . . . . .

The Statue of Liberty during different stages of renovation.

Coke WAS it.

Newport socialite Claus Von Bulow - did he or didn't he?

overdose of insulin that has left her in an irreversible coma for several years. After many strange twist and turns the legal soap opera came to an end when the jury returned a verdict of "Not Guilty".

This year also saw the death of many famous people including Actor *Richard Burton* and the author of the "Complete Book of Running", *Jim Fixx* who died of a heart attack while jogging.

Pulling together and rallying for a cause have always been the trademarks of Americans. This year Americans from all walks of life contributed their hard earned dollars to restore the *Statue of Liberty*. The Statue has served as a beacon for over 100 years to all immigrants entering this country. Americans also prayed for the recovery of their leader. *President Reagan* had an operation to remove a large polyp which proved to be cancerous from his intestine. Again the Gipper showed his grace during personal stress and his swift recovery and return to the Oval Office was a boost to all Americans. Americans also protested against a tradition which has lasted over 100 years since it was first served by a pharmacist in Atlanta, Georgia. *Coca-Cola* changed its formula and Pepsi celebrated by giving all their employees the day off. The "New Coke" met protest from all over the country and after receiving 15,000 letters daily, Coca-Cola announced it was bringing back the original formula as *"Coke Classic"*. The grassroot movement was a success.

The music industry had a very busy and productive year. On June 1st *Bruce Springsteen* opened an eighteen day European Tour with a forceful performance on the grounds of an Irish castle. The Sold Out Tour also had performances in London, Paris, Munich, and Milan.

The American Rock Musicians taking their lead from their British counterparts got together and produced an album titled *U.S.A. for Africa*. The hit song from that album was *We Are The World* and it landed at the top of the charts where it remained for several weeks. During the summer *Bob Geldof*, a member of an Irish Rock Group the Boomtown Rats organized a one day rock concert called *Live Aid*. Promoters called it "a global jukebox". It was in truth, much more. By the time it ended, the most widely seen TV broadcast since Neil Armstrong's moonwalk that Woodstock summer long ago. Live Aid held to raise cash for African famine victims, helped raise a generation's consciousness in the process. For those who watched it, it was simply the greatest day of rock ever.

In this *Year of the Yuppie* the many fads include; Walkmans, ten speed bikes, tanning salons, and the video revolution. Despite the video revolution the lines at the cinemas have never been longer. The top box office draws were *Beverly Hills Cop* with *Eddie Murphy* and *Rambo* with *Sylvester Stallone*. The Oscars went to *Amadeus* for best Picture and

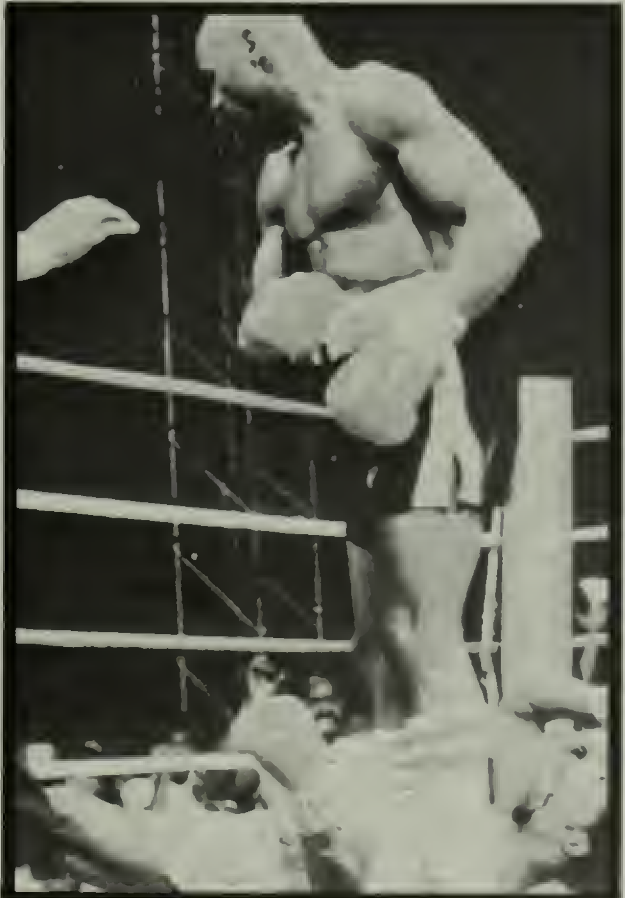
The cover says it all.

The pride of the Boston College Eagles.

The agony of defeat for Mary Decker Slaney.



If you get up you'll get more of the same.

Sally Field for Best Actress. This year also saw many broken hearts as *Bruce Springsteen* and *Billy Joel* left the rank of eligible bachelors.

Our patriotism reached an all time high in the summer of 1984. More people bought more tickets for more money to see more athlets from more countries than in any other *Olympic Games*. There were many outstanding Gold Medal winners for the United States among them; *Joan Benoit* in the first ever Women's Marathon, *Carl Lewis* with four golds in Track and Field, *Greg Louganis* with two golds in Diving, *Edwin Moses* in the 440 meter hurdles for his 90th consecutive victory, and the little girl who stole "the heart of America" *Mary Lou Retton* won a gold, two silvers, and a bronze. The low point came in the eagerly awaited 3,000 meter duel between *Mary Decker* and *Zola Budd*. Decker and Budd bumped twice in the race and Decker tripped and lying in pain watched her hope for an Olympic Gold go down the drain.

In the fall a 5'9" quarterback, whom no Division I college wanted out of high school stole the limelight. *Doug Flutie* set the N.C.A.A. Division 1-A record for most career passing yardage and total offensive yardage. Flutie will be remembered most for winning the Heisman Trophy, his 48 yard "Hail Mary" bomb with six seconds left and his team trailing Miami, and for leading the Boston College Eagles to victory in the *Cotton Bowl*.

In professional sports *Kirk Gibson* led the *Tigers* over the Padres in five games for their first *World Series* victory since 1968. *Joe Montana* led his 49'ers to victory in *Super Bowl XIX* over *Dan Marino* and the Miami Dophins 38-16. The *Great Gretzky* put on his now routine yearly show. He led the league in scoring and was M.V.P. for the sixth consecutive year. He then led his *Edmonton Oilers* to their second consecutive *Stanley Cup* and was named M.V.P. for the playoffs. Ho hum! *Larry Bird* became the first non-center to win back to back M.V.P.'s, but *Kareem Abdul Jabbar* led his *Lakers* over the *Celtics* in six games for the N.B.A. Championship. Marvelous *Marvin Hagler* had his much awaited fight with Thomas "Hit Man" Hearns and the Marvelous One, true to his word, destroyed the "Hit Man" in three rounds.

In college basketball unranked *Villanova* played a "perfect game" and defeated *Patrick Ewing* and the *Georgetown Hoyas* for the N.C.A.A. National Championship. As college basketball basked in the glory of the "Final Four" success a bombshell exploded at Tulane University. Players, coaches, and students were indicted in a point-shaving scandal that caused the University's President to drop basketball from the school's sports program.

As we look back on the past year, a year which reflected many things, some good and some bad. Some of these will quickly be forgotten, but others will remain as memories of our high school years.
